WAINWRIGHT, ALBERTA, MAY 19th, 1920

PRICE \$1.50 Per Year.

Convention of Wielders of Rod at Wainwright

On Friday morning last the teachers of the Wainwright inspectorate assembled to the number of 60, in the Wainwright school, and duly formed themselves into an association. Under the chairmanship of C. C. Bremner, M.A., the following constitution was considered and adopted:

1.-(a) This association shall be known as the Teachers' Association of the Wainwright inspectorate. (b) The objects of this association shall be to increase the efficiency and promote the interests of the teachers of this inspectorate.

2.-All teachers in this inspectorate are eligible to become members of this association.

3.-(a) The executive shall consist of a president, vice-president, secretary-treasurer, and a committee of two. (b) The officers shall be elected at the Spring convention of each year. (c) The duties of each officer shall be such as usually pertain to the office. (d) All expenditures shall be made by cheque signed by the president and the sec-treas. (e) The executive shall be responsible for making arrangements for convention meetings. (f) The transportation expenses of the executive in attending meetings of the executive shall be borne by the funds of the association.

4.-The convention shall be held at such place as may be determined upon by the association in convention, the date to be fixed by the executive.

5.-The railway transportation expenses of all teachers attending the convention shall be pooled.

6.-The constitution may be amended at any meeting of the association by a majority vote of those present.

7.-The annual subscription fee shall be \$1.00 payable at the first convention of the year.

In accordance with the above constitution the slate of officers given below was then elected, and it was agreed that the next convention should be held at this centre next Spring:

Pres.-Mr. C. C. Bremner, of Wainwright.

Vice-pres.-Miss Jean Holburn, of Chauvin.

Sec-treas.-Mr. R. Hulland, of Edgerton.

Committee.-Miss E. Ash, of Wainwright, and Mr. E. Smith of Viking.

This organisation work having been completed, the teachers settled down to strictly pedagogical matters. Demonstrations in class-room practice were given by Miss Parsons in primary work and by Mr. C. Bremner in the work of grades VIII and IX. For one and a half hours Miss Parsons drilled her attentive pupils in arithmetic, reading, physical drill and singing, much to the enjoyment of a large number of the teachers, while for a similar period Mr. Bremner entertained an appreciative audience with lessons on the reformation in England. The mystery of physics, and the difference between the beef and dairy types of cattle. In both cases, after the classes were dismissed, exceedingly interesting and valuable discussions took place on the subjects demonstrated, and on kindred topics arising out of them. At the close many delegates expressed their appreciation of the benefits they had derived from this type of work.

At the afternoon session a similar demonstration in rural school methods was given by Miss M. Clark who brought the pupils of the Roseberry S. D. to the convention en masse. As most of the delegates are engaged in this type of work Miss Clark's demonstration was particularly appreciated. Assembling once more the teachers were addressed by Miss Crawford of Edmonton who worked great enthusiasm by showing the benefits to be derived from social organizations, placing on the agenda a paper on the subject of the Alberta Teachers' Alliance and as a result of her appeal practically all of those present signed up.

Through the kindness of public spirited citizens of Wainwright parties of the teachers enjoyed the sights of the Buffalo Park on Thursday afternoon and on Saturday morning, and all went home voicing the opinion that this was the most successful convention they had ever attended.

The committee in charge of the arrangements desire to express their appreciation of the way in which the people of Wainwright cooperated in giving the teachers so excellent a visit.

THE WHEAT IS UP

Oh, what a sight for sore eyes, and relief for anxious minds is the welcome sight of the fields becoming green with the fast growing wheat. In some places it can almost be said to be seen growing, it having risen over one inch in 24 hours. With favorable conditions the crop will this year possibly be a little earlier than for the past six years and a bumper return seems assured.

Mayor Kenny was a business visitor to Edgerton last week.

E. S. Graham and wife have returned from Spokane, they are the guests of Mrs. G. Johnson.

We are glad to know that A. M. Beckwith, who was sick last week has now recovered.

MARRIED MEN BALL-CHASERS BEAT SINGLES

Friday evening last saw the football season really opened when the benedictos and those who would like to be met in mortal combat at the fair grounds before a large number of fans.

The game all through was clean and fast, but the "humped ones" were at all times able to demonstrate their superior skill with the leather, finishing at the top end of a 9-1 score.

The teams were as follows:

Married-W. Boudreau, goal; Tolmie and A. O. Harker, backs; Priestley, Fowler and Rutherford, halves; Forrest, D. Bonfres, Lismore, Laidmont, C. Bremner, forwards.

Singles-Boyd, goal; J. Bremner, back; Boudreau, half; Edwards, Holtsbaum and Erickson, halves; Channel, O. Boudreau, J. Boudreau, Stimmert, F. Boudreau, forwards.

Goal by J. Boudreau-1.

REGISTRATION OF ALL BIRTHS TO BE ENFORCED

The father of any child born in this province, or in the case of his death, the mother, or in case of death or inability of both parents, any person standing in the place of parents, or present at the birth; or if there is no such person, then the occupier of the house or tenement in which the knowledge of the child was born, shall within one month from the date of the birth give notice thereof to the district registrar, giving as far as possible the particulars required in form A in the schedule of the Act, together with such additional information as may be required from time to time by the Registrar General.

WEDDING BELLS

BURTON-PRICE

An interesting wedding was solemnized at the Rectory in Edgerton on Tuesday Evening May 11th. The contracting parties were Mr. Christopher, Gilbert Burton of Edgerton, son of Mr. Charles H. Burton and the late Mrs. Burton, Miss Jessie Chalmers Price, daughter of Mr. and Mrs. Ira Price.

The bride who was pretty attired in white crepe de chine was attended by Mrs. F. E. Pawsey, Mr. Francis J. B. Egan, brother of the groom, who performed the duties of best man and the officiating clergyman was the Rev. Edward H. Maddock. Before the ceremony Miss Maddock played the "Bridal Chorus" from Lohengrin and Mendelssohn's "Wedding March" at the close of the service.

Later in the evening the happy couple drove out to the farm where they will make their home. They are assured of the best wishes of a large number of friends.

ADVERTISING NOTE

Owing to next Monday being Victoria Day and a public holiday, changes of advertising copy must reach us by Saturday morning to insure insertion in our next issue.

WOMEN'S INSTITUTE HOLD REGULAR MONTHLY MEETING

Mrs. Bowerman's pretty home was the meeting place of the Women's Institute on Saturday May 8th. There was a large attendance of nineteen members and six visitors. The president, Mrs. Yeager, was in the chair with Mrs. J. W. Stuart, secretary.

After the regular routine of opening exercises, passing accounts, etc. the subject of a clean-up of the Wainwright Cemetery was discussed. Conditions on there were said to be most disgraceful, and it is felt that a long-standing evil should be remedied some time before the resurrection any way! It is a gruesome joke to call a place in such repair "God's Acre."

One suggestion was that the high school boys or cadets be asked to do this, but many thought it "too much" to ask when the boys have so much to do at their studies.

It was finally agreed that the other women's societies be asked to co-operate, and the council to put up half the money required.

Another matter discussed was the offering of prizes at the Agricultural Fair for boys' and girls' work, and it was agreed that the Institute should offer such prizes.

After the meeting adjourned the hostess served delicious refreshments and was tendered a vote of thanks and a hand-clap. Mrs. Bowerman was assisted by Mrs. J. W. Stuart, Miss Parsons and Mrs. Telford.

Mrs. Stuart has kindly offered to entertain the Institute at the next meeting June 12th.

In reading the newspapers containing doings of some women's club down East, and elsewhere one is struck by the lack of judgment displayed. It was read where several clubs had solemnly pledged themselves to not pay any more than \$3.00 per bag for potatoes, and were bent upon "hammering down the prices of potatoes." This only makes them ridiculous. Potatoes are dear for the same reason that diamonds are because they are scarce. You do not see such mistakes in the Women's Institute. They are composed of both town and country women. The town women listen sympathetically to tales of how the potatoes were frozen in the ground, and know why they are dear. They are told the price of cattle feed and how many have died, they know why butter is dear. They hear how the hens have hardly wintered, let alone laid eggs. On the other hand the country women are given to understand that often the apparent prosperity of the town is more of a heroic bluff than anything else. In this meeting, the ignorant antagonism so often apparent between country and town is over come, and no strictly town, nor strictly-country organization can have the same substantial foundation as can the Women's Institute - non-political, non-partisan and non-sectarian.

The Motor Vehicles Act enforces the use of "non-glare" headlights on all motor vehicles and the "powers that be" have issued instructions to all police authorities to see that the section governing this is carried out forthwith.

To assist in the adjudications at the supreme criminal court Edmonton the following townsmen left town on Sunday having been called as jurymen by Sheriff Pigeon for that purpose: Messrs Armstrong, Bowerman, Graham, Mills, Turner and Washburn.

JAR. FOWLER BEREAVED

We have a widow of No. 1 Timothy Hay for disposal at \$47.00 per ton.-Alberta Pacific Grain Co. 19-50

Condolences are being extended to Mr. and Mrs. J. Fowler on the death of Mr. Fowler's mother who passed away at the residence of her daughter, Mrs. Cheeseright, at Sutton, Cambs, England, heart failure being the cause of the lady's demise. The bereaved relatives include her husband and seven children-four sons and three daughters.

The cooking sale held by the ladies of the Altar Society of St. Luke's church on Saturday last was the best success of the season for this church and thanks are extended to all who encouraged the ladies, and also to those who participated in the preparations. The amount collected was over \$20.00.

MERCHANTS HAVE DECIDED ON WEEKLY HALF-DAY

The following signed announcement has been handed in to The Star for publication in hopes that our out-of-town readers may be fully informed regarding the early closing holiday and thus save a fruitless journey to town on the Wednesday afternoons affected.

We the undersigned agree to close our places of business every Wednesday at 12 o'clock noon during the months of June, July and August, and this will be our authority to the Wainwright Star to give the public notice to this effect.

May & McKenzie, Beaudry's Ltd., H. O. Montgomery, W. E. Zinkin, J. W. Stuart, W. Washburn, Fraser Co., S. R. Bowerman, J. B. Boudreau, Wainwright Realty, A. C. Armstrong, R. A. Snyder, E. L. Cork, W. S. Clark, J. Gerow, and for groceries only Wainwright Dairy King Restaurant and Alberta Restaurant.

Our local footballers are going strong these days. On Monday next, Victoria Day, they will put a team in the field here against Irma, and in the afternoon will seek to triumph to Chauvin to uphold the club's prestige on the same day.

A large number spent a pleasant time in the theatre on Friday last, at the dance which the orchestra put on in honor of the visiting teachers at the convention.

EDGERTON ITEMS

Bloomington U.F.W.A. held their usual meeting at the home of Mrs. Busnell, when owing to the absence of President Mrs. Bazley the meeting was called to order by Mr. Millard.

Unfavorable roads and weather caused a small attendance at roll call, which was followed by singing. The minutes of the previous meeting having been approved, letters from the central office were read and discussed and the report on school work presented by Mrs. Fussnell and Mrs. Dunlop was dealt with.

A pleasant round-table talk on farm produce club work for the summer was next on the program, and an interesting discussion re the rest room at Edgerton took place.

At the close of the business a dainty luncheon was served by the hostess after which the gathering adjourned till June 30th, when they will meet at the home of Mrs. Millard.

H. W. WOOD SAYS U.F.A. SUNDAY ON JUNE 20TH

June 20 is to be U.F.A. Sunday this year according to a statement of H.W. Wood, the president of that organization. "U.F.A. Sunday," he remarked in Calgary, "has become one of our established institutions and should be made full use of."

In discussing this matter, Mr. Wood said that it gave Christian ministers an opportunity of examining the farmers' movement and measuring it by the standard of Christ's social teachings," he said, "and to get what information and inspiration they can therefrom. Many of our members believe that Christ's social teachings, properly interpreted give more light on the true law and ideals of social life, than any other authority, but these teachings are not as generally understood and practiced as they should be."

Mr. Wood stated that Christ himself, as taught by Christ himself, was either practical or it was impracticable. That they should face the issue squarely, know the truth and be guided by the truth.

"We believe," he said, "that it is to the best interest of our organization and of the church that these teachings be better understood and followed by all and to this end we ask the most sincere co-operation."

CROPPING NOW KEEPS FARMERS ALL REAL BUSY

While some wheat was sown last week it remained for this week to see the full resumption of spring activity on the land. There has been a surprising come-back for the late spring, and some farmers have assured us that the crop acreage in the district will be little if any less than in 1919. The whole thing seems to be dependent on the horse power available to get the crop in.

Some wheat put in last week is making a fine start and is now growing about an inch per day. The ground is thoroughly saturated and the lack of any depth of frost has conduced to the speedy drying out of the surface so that while there are wonderful reserves of moisture to be drawn on the friability of the soil is most marked. Quick germination of all grain sown may be confidently expected and with continued fine weather the crops will be as far ahead on June 15th, this year as they were on July 1st in 1919.

Crop prophets, before harvest, are usually asses, so The Star makes no attempt at any prophecy without qualifying it in half a dozen different directions. Given perfect conditions, 1920 should be a good year, but the conditions must means renewed activity in the be perfect otherwise there is fail.

nothing doing. All one can do is pray for perfection, which is rarely attained.

Business in town at present is generally stagnant and this is a good thing too, showing that the people of the district are engrossed in the season's conditions, 1920 should be a good year, but the conditions must means renewed activity in the be perfect otherwise there is fail.

The Anglican church W. A. held a very successful sale of work and cooking in the annex on Saturday last, the net proceeds totalling over \$100.00. They extend their thanks to all who assisted in any way towards this splendid result.

W. H. Foster, of Seattle, was the guest of his sister Mrs. H. Kemp, over the week end, leaving for east on Monday.

The U.F.W.A. will hold a sale of home cooking and serve afternoon tea in the old Small Bros' store on Saturday, May 29th at 3 p.m.

VISITORS TO CONVENTION ENTERTAINED

To receive an official welcome to the town and to round out the old adage that "All work and no play makes Jack a dull boy," the visitors to the teachers' convention were entertained on Thursday evening last by the local school staff, when the school hall was filled to capacity.

In opening the proceedings Chairman J. Fowler briefly introduced Deputy-Mayor Schorff, who in the absence of the Mayor, formally extended real hearty welcome to the convention and assured them of the good wishes and support of the community, pointing out in a community, pointing out in a few well-chosen words that it is universally recognised that education is the basis of good citizenship.

The programme was of such an excellent character that it would be futile to particularise suffice it to say that every number was enjoyed to the full and in some instances repeats were demanded in an uncertain manner. At the close of the entertainment, refreshments were served by the ladies of the local school staff, and the gathering dispersed shortly after midnight, after a couple of hours' dancing to the pleasant music of the Wainwright orchestra.

The full programme was as follows:-

Opening chorus-O. Canada, Song-N. F. Priestley, Reading-Miss E. Ash, Duett-Miss B. Parsons and Mrs. W. Clark, Piano Solo-Father Lemaire, Soloist-Mrs. Hudson, Reading-W. Huntingford, Quartette-Miss B. Parsons, Mrs. Clark and Messrs Cope and Lewthwaite.

Featured by Mrs. E. Lawe, Medley of songs-Miss K. Conboy, Illusions-J. Forrest, Barnyard choruses, God save the King.

CHANGE IN SUBSCRIPTION RATE

We beg to announce that on and after June 1st, 1920, the subscription rate of The Star will be Two Dollars.

There is no apology needed as many of our subscribers have been long looking for this advance. The prices of paper and everything that goes into the production of a newspaper have been going up in leaps and bounds and this small advance is long overdue.

Who ever heard of the seller apologizing for asking \$35.00 for hay that once sold at \$30.00; \$2.50 for wheat that once sold for 50c; 70c. for a pound of butter which was once obtainable at 25c; or \$50.00 for a suit of clothes that formerly sold for \$15.00; and so on.

At the rate that paper has been advancing since the first of this year (it formerly was procurable at 3 1/2 cents per lb, while today it costs 9 1/2 cents per lb) all the newspapers will likely be compelled to make another advance in a few months. All those whose subscriptions are expiring this month may renew at the old rate if sent in before the end of the month. Others whose subscriptions expire at a later date may have their subscription extended for one year at the old rate by remitting NOW. If you intend to subscribe DO IT NOW.

THE PUBLISHER, WAINWRIGHT STAR.

Sir: Please send me The Wainwright Star for one year, or extend my subscription one year from expiry date. I enclose \$1.50 in payment. (Rate to United States is \$2.00).

THROWN IN

Under this caption, one of the Old-Timers of our district compares thirty years ago with now in respect to the values of commodities as affect the farmer.

"Thirty years ago the storekeepers used to throw in a pair of brass, with every pair of clothes. If the suit cost as much as \$15 you stood a real good chance of also getting a necktie into the bargain or even a pair of cheap kid gloves for the misanthrope. Of course we are speaking of the good old days when brasses were not a luxury and when real kid gloves at a dollar a pair could be seen on the street every Sunday. If the misanthrope stuff for a dress silk or cashmere or henrietta, it was common knowledge that the thread and buttons would be thrown in."

Then were the good old days? "Those were the days when everybody's suit and hat took less. All kinds of small merchandise were thrown in to clinch a bargain or to induce you to come back again. If it wasn't a box of paper collars, it might be a straw hat or a silk handkerchief with an initial letter done in color on the corner. But everybody hoped to get something for nothing. Perhaps it is the worst case of living today that causes me to think of the values of commodities of trade thirty or forty years ago.

"In Ontario we used to believe that butter at sixteen cents a pound was almost as high as some times it smelt. Eggs were common tender at one cent apiece. Indeed butter and eggs set the standard of values. A dozen eggs would buy a yard of shirting, and a pound of butter was worth 30 pounds of granulated sugar. Now however, a dozen of eggs will buy almost two yards of shirting, and one pound of butter is worth four pounds of sugar. All these every day commodities have advanced greatly in price, but the butter and eggs have advanced more than the shirting or the sugar.

"A dozen eggs, as we have remarked, would buy a yard of shirting. The price for the shirting now is fifty cents a yard, and fetch more than that a dozen, so that the advantage is still with the farmers. (Written in March). "A pound and a half of butter would buy a yard of cotton at twenty-five cents a yard. The same goods now sell at seventy-five cents a yard and

the butter at sixty. So that we see again the advantage is with the farmer.

Printed cottons used to be a great thing for summer dresses. A dozen eggs would be a yard guaranteed not to fade. Now the same dozen would buy two yards at thirty cents a yard. Again the farmer gets the advantage.

That fine old historic stuffingham used to sell at twelve and a half cents a yard, and naturally one dozen eggs would buy one yard. Now it sells at forty cents and a dozen eggs buys almost two yards.

If used to take eight dozen eggs to buy a yard of good silk. Today four dozen will do the trick. Do you wonder then the farmer's wife turns to silk stockings if she can get a pair for two dozen eggs when thirty years ago the same pair would have cost a whole summer's laying.

"In most of these things, as you can see, the comparative increase is in favor of the butter and eggs. But if I were a farmer I should be just as annoyed as all farmers who will read this article. For nothing has been said about the chief products of the farm, about grains, fruit and vegetables and livestock. But I have the defense that these important things were not in these days, nor are they today, articles of direct barter. They were given in exchange for the common legal tender, and therefore do not enter our present consideration. Any one can see nevertheless, that if all farm products have advanced in the same proportion as eggs and butter, the farmer should not fare very badly even now. After all, everything falls back on the ultimate consumer. He is the one who takes the brunt in all instances of high prices."

TOWN OF WAINWRIGHT PROCLAMATION

I, Nicholas Samuel Kenny, Mayor of the Town of Wainwright, do hereby proclaim the morning of

FRIDAY, MAY 21st, 1920, UNTIL TWELVE NOON, as a public half-holiday for the purpose of a

Clean-Up Day and request that all citizens do their best to co-operate in this matter and govern themselves accordingly.

(Signed) N. S. KENNY, MAYOR

Doubting Motorists Become Boosters

No wonder you're a little skeptical of the unusual tire value we are offering.

But don't let any preconceived ideas keep you from enjoying the cost reducing, worry ending advantages to be found in the Gates principle of tire construction.

Here's what you gain:

1. Money saved—cost half as much
2. Oversize tire—increased 20 p.s.
3. Puncture-proof guarantee
4. More Mileage—from 5,000 to 15,000 miles.

Since over 600,000 car-owners—many of them paid blooded, calculating business men—are enthusiastic users of Gates' Half-Sole Tires, don't you think it's about time you at least investigate the proposition?

Drop in today for facts and figures.

CHAUTAUQUA PROGRAM IS SPLENDID ONE

Every Event Is Well Planned for Three Joyous Days

Lectures, entertainers and musicians will comprise the program the Dominion Chautauques are bringing through Western Canada and will be presented here. It is realized that the speakers can give food for stimulating thought to the deep thinkers of the west; that the entertainers can open up the pathway to humor and happiness, while the music cannot help but appeal to the artistic temperaments of those who delight in hearing good vocal and instrumental music properly rendered.

Among the lectures are Miss Sumayah Attiye, an Assyrian who has an interesting story to tell of life and customs in her native land. Professor J. C. Osborne, a Western Canadian educator and author. Dr. E. J. Powell who talks on "The Home Town" and he is an Illinoisan. Then there is William G. Laywell who compels you to look through life's telescope and makes you see things you didn't expect to see, but he has a way of bringing events closer to nature.

The Hampton Court Singers is a company of exceedingly clever vocalists who tell their story of the old Elizabethan days in costumes of that period and in such a fascinating manner that you will thoroughly enjoy their programs. The DeWille Concert Trio will be one of the sensations of the three joyous days. For DeWille has a concertina that is a beauty, possessing 150 keys and weighing over thirty pounds, and the manner in which he makes his instrument speak is a wonder.

The LeBaron Duo will give some clever impersonation, songs and instrumental selections, and these talented young ladies will easily win their way into the hearts of their audiences.

IMMIGRATION

Information has been received by the Salvation Army immigration department, Montreal that a number of married men, who desire positions on farms, will arrive in Canada from Great Britain with the opening of the St. Lawrence River for navigation this season. These people are of splendid type, men who have served their country during the war, and who are now coming to Canada to find a home on the land, with a view of learning Canadian methods and eventually securing farms for themselves and their children. Farmers who desire married help and have accommodation for a man with family should communicate with the Salvation Army at Montreal with a view of securing this very desirable class of help. We also understand that there will be a few single men in the party. During the month of June or July the Salvation Army will probably bring a number of orphan children of school age to Ontario for adoption.

HEATH HAPPENINGS

Allan Wilson arrived here last week he is paying a visit to his father north of Heath.

Miss Bessie Borden also Miss Walsh and Luke Killoran left here to attend the school teachers convention held at Wainwright.

Miss Bertha Jones from Edmonton arrived on Saturday and is spending a few weeks holiday north of town.

Mr. Maughan was a visitor to Heath on Saturday returning to Unity today.

The next meeting of the Heath local U.F.A. will be held on Wednesday next when it is expected that there will be a large turn out.

Mr. Price who arrived here recently from London Eng. is going to work at the Leeco yards in town.

PUBLIC NOTICE

It has been brought to the attention of the undersigned board of directors of Wainwright Local U.F.A. No. 260, that malicious aspersions in regard to convention expenses, were cast upon our president at a recent meeting of the board of management of the Wainwright Methodist Church, of which our president is the pastor. If this be true we wish to publicly state through the press that the integrity and honor of the Rev. Priestley has never been questioned, and that he maintains the entire confidence of this board.

Without encroaching upon the prerogative of the church board, this U.F.A. board of directors deplores the fact that the Rev. Priestley should be criticized in such a manner as to produce an estrangement between the two organizations, when there should be the closest unity for the advancement of the social and moral welfare of the community.

We need only to point out that the unity between the U.F.A. and the church has been clearly demonstrated in the past by the successful application of the initiative and referendum in reference to the prohibition campaign in this province.

Therefore this board at this regular meeting of the executive severely condemns the parties responsible for the slanderous calumnies and assures our president of their confidence and support.

(Signed)—
FRANCIS EBBERN,
E. AYKROYD,
G. M. SARGENT,
J. McCANN,
DAVID WILLIAMS.

HAPPENINGS OF LOCAL INTEREST

Read the Mayor's proclamation re Clean-up and set accordingly.

After a pleasant holiday of some weeks spent in the Manitoba capital, Mrs B.N. Fraser returned home on Saturday last.

National advertising reaches the masses. Local advertising reaches the individual prospect. See us at The Star office about this.

Prove your interest in your town by acting in accordance with the Mayor's proclamation published on another page of this issue.

Mrs Geo. Roshalt returned from a couple of weeks' stay with friends at Alix Alta. on Sunday last.

Congratulations are coming to Charlie Ham on his promotion to the cage at the Merchants Bank.

Church services are now being held in the Orange hall at 811 Edge every second Sunday morning by the Rev. Mr. Maddock of Edgerton.

Mrs Ed. Davies gave a little party on Wednesday evening last when quite a number of young people had a truly enjoyable time.

Miss Marion Coleman was a visitor to Irma on Monday last.

Next Monday being Victoria Day (May 24th.) will be a Dominion holiday.

We are glad to note that J. Black of Hope Valley, who has been suffering from a bad runaway accident, last fall is at last able to be around again without the use of his crutches.

Stan McLuhan, who left for overseas with the 202nd batt., some four years ago has now returned to town and is back in his old position at the Wainwright pharmacy.

It is sure pleasing to note the improvement in some of those muddy backyards. Let the good work go on!

We want the local news. The thing you already know may be real news to someone else. Phone it in.

Geo Madder and his bride were in town on Saturday from their farm at Pabayan.

Get out your rake and clean up the yard. Start now, lest the lethargy of Spring spoils your good intention!

Mr and Mrs Bassett and Mrs Hardy and the children drove over in their cars from Irma on Friday last. They report the road in fair shape.

Times have changed. We used to get two bags of potatoes for The Star for one year, now we have to supply the paper for two or more years for one bag of these precious vegetables.

G. McKenzie arrived from Edmonton last week to fill a position at the Eldler garage. We bid him welcome.

Quite a few of our winter town-folks are now "hard at it" out on the farm

Mr and Mrs Fieldhouse were visitors to Chauvin and Provost over the week end.

We learn that after many years residence in town Mrs E. Watson is arranging to take up residence for a time in the States.

Quite a number of farmers from all over thronged the town streets on Saturday night no doubt as a respite from an arduous week's toil, giving us quite a metropolitan appearance.

On Thursday last a number of the O.T.T. class girls enjoyed a hike to Dingman's Lake, the afternoon being spent in a round of games, with lunch as a closing feature.

All persons interested in the formation of a tennis club for this season are asked to attend a meeting to be held in the Town Hall at 7.30 on Friday evening.

L.E. Minter has as his guests his two brothers, Francis and Rufus whom he welcomed from Bristol, England, recently.

Saturday last saw Constable Bear busy moving his home to the Watson house on Fourth avenue.

"A stitch in time saves nine" There are many places in our sidewalks and crossings where an accident might prove far more costly than the necessary repairs. A light at the school would have averted a nasty tumble which one lady sustained, happily without serious consequences, on Thursday last.

Mrs Roy of Chauvin was a visitor over Sunday at the home of Mrs W.S. Goulet.

Mrs T. Grace was a tripper to town from Edmonton on Saturday last.

Symptoms
of Eye
Strain

Should be Examined

Many children are hampered in their studies by defective sight.

Parents should ascertain whether glasses are necessary. It will be my pleasure to correctly inform them.

Owning Your Own Home

is an advantage few realize. The man who doesn't has troubles too numerous to mention.

No greedy landlord to make you eat out of his hand—no worry about moving—no periodic rent increases—in short, owning your own home increases your self respect; places the members of the family among the substantial worth-while people of the community in which they live. And, greatest of all, home owning inspires in associates a confidence that brings greater prosperity.

Take advantage of our building knowledge and our superior grades of material at prices as low as the lowest.

Let Us Show You How

You can build the best house at the minimum and into the bargain get
